The Council will make every effort to meet its responsibilities under the Health and Safety at Work Act 1974 and associated legislation and regulations, with due regard to approved Codes of Practice, Guidance Notes and other relevant information issued by the Health and Safety Executive.

An up-to-date copy of this Policy shall be maintained on the Council's website.

- Keep informed of relevant Health and Safety Policy legislation and inform the Council accordingly on the resources and arrangements necessary to fulfil the Council's responsibilities under the Health and Safety at Work Policy.
- Ensure sufficient information, instruction, training and supervision to enable all employees to identify and avoid hazards.
- Ensure that regular risk assessments are carried out where required with subsequent consideration and review of any necessary corrective/protective measures.

 - When an accident, near miss or dangerous occurrence occurs take immediate action to prevent a recurrence or further accident and to complete the necessary accident reporting procedure.
 - Any health and safety issues that cannot be addressed adequately should be referred to the Chairman of the Parish Council or if they are unavailable to the Vice Chairman.
 - Ensure all insurance policies are kept up to date.
2. Responsibilities of Councillors, employees, contractors and voluntary helpers, who will:
- Cooperate fully with the aims and requirements of the Health and Safety at Work Policy and comply with Codes of Practice or work instructions for health and safety.
 - Familiarise themselves and ask for advice (where considered necessary) in relation to health and safety instructions.
 - Take reasonable care of their own health and safety, use appropriate personal protective clothing and, where appropriate, ensure the appropriate First Aid materials are available.
 - Take reasonable care for the health and safety of other people who may be affected by their activities.
 - Not intentionally interfere with or remove safety guards, safety devices or other equipment provided for health and safety.
 - Not misuse any plant, equipment, tools or materials so as to cause risks to health and safety.
 - Report hazards and defects to the Clerk immediately. If reports are made verbally, they should be followed up by a written report confirming the nature of the problem, its severity and any recommendation for action.
 - Report any accidents, near misses or dangerous occurrences to the Clerk immediately or as soon as is reasonably practicable and to assist with the investigation of such.
